About Us | Our skin care center offers the full range of treatment options to achieve your skin care goals. This allows for a cooperative approach to your treatment and a personalized plan. The result is skin care that is restored, rejuvenated and redefined.

Our skin care products are medically driven and doctor monitored, allowing you to have unique and convenient access to the plastic surgery side of our practice. Ms. Cozen works in tandem with Dr. Gary A. Tuma, a double board certified plastic surgeon, creating complete continuity in your care. This relationship allows for ease of developing a comprehensive treatment plan when you decide to pursue more advanced options whether it is injectables, fillers, or surgical solutions.
