

You try on a dress  
before you buy it.

Shouldn't you be able  
to do the same with  
your plastic surgery?

With the only Vectra® 3D  
Imaging System in the region,  
Plastic Surgery Associates of  
New Jersey allows you to see  
your options before having  
surgery.

Offering the full range of body,  
face and breast procedures,  
Dr. Gary A. Tuma is a double  
board certified plastic surgeon.  
You'll receive big city care in  
a comfortable and convenient  
community setting.
